Math Night at Verplanck...

Math Night was a great success...

At the end of the evening, scholars were able to bring home a Take Home Bag that included dice, playing cards, and game suggestions. It was a wonderful night to celebrate all our Verplanck Mathematicians!

Over 120 people attended from more than 55 families! Our enthusiastic staff participated in a variety of games that were age and grade appropriate. Computers were set up so scholars could show their families Symphony Math. Symphony Math can be used at home as well!
